

Savoy Kanary Kats Membership Newsletter

The 2025-2026 season has begun, and we're all hoping for some snow. We had a very dry summer and fall so here's hoping for a cold snowy winter! Our small army of volunteers have documented over 1,200 hours in volunteer hours - without them we would not have a club. If you do ride on trails we maintain, we humbly ask you to buy your pass from our club. Those fees keep the club running and allow us to have the best equipment and trails in the State. There's plenty of opportunities to volunteer and we're currently doing trail work on Sundays (9 am - 2 pm) and equipment maintenance on Wednesday evenings (6 pm - 9 pm). We supply all the tools, directions and materials; you just need to show up. Our club meetings are held the 2nd Friday of each month at the groomer garage located at 90 Tilton Road, Savoy, MA - please join us!

Trail passes are \$75 per sled on or before December 15th. After December 15th, they will be \$90 per sled. Trail passes and memberships are available through our website using PayPal or through SAM for an additional \$5 convenience fee. If you choose SAM, you will receive a receipt via email that can be used as verification of your trail pass prior to receiving your sticker in the mail. You can find SAM's link on our website (www.savoykanarykats.org) or our Facebook page. Also attached is the membership application if you wish to mail it in. Family memberships will still be offered but can only be purchased at a club meeting after working a trail trim, an equipment repair night, or a club event. With family membership, you pay \$75 for the first trail pass and \$50 for each additional pass up to four passes total.

This year we're raffling off a 2026 Ski-Doo MXZ X 600R E-Tec 129 and tickets are \$20 each. See a club member, our webpage or supporting locations for tickets. Enclosed is a ticket, please support your club with either selling the ticket or purchasing it for yourself. **Please remember this is the club's only fundraiser!** Mail it with your membership application or bring it to one of the club meetings or the sled expo. The drawing will be held on Saturday, January 31st 6 pm at Pub 116 on the Plainfield/Savoy line but check our website for updates.

Upcoming Events:

- Trail trims meet on Sunday at the garage (9 am) & equipment work is Wednesday nights (6 pm)
